

Video making skills. Self-Assessment Questionnaire (Form A)

Dear participant,

This is a short self-assessment questionnaire that will help you and us see your progress in the Europe4all activities. What you need to do is to answer with honesty the questions.

Remember there is no wrong or write answer.

Use a nickname you will only know and remember. Remember it because you will use it in the next time you will answer this questionnaire. Don't worry, we will not ask you to do this often. Only now and one more time after the end of the Europe4all video making activities.

Thank you in advance for your cooperation!
